Brabantia in Susan's kitchen

“For me, responsible living begins in the kitchen”

“I choose durable products and cook organic food whenever possible. Preferably using fresh, local ingredients. And I try to throw away as little as possible. With a bit of creativity you can make the most delicious meals from yesterday’s leftovers! And if a little bit does get thrown away, then of course it’s separated” – Susan

Twin Pedal Bin 2 x 20 litres

Functional pedal bin with two large inner bins for separating waste. You can change the bin liners without separating waste. You can change the bin liners without bending, as the inner bins can be ‘elevated’ into a special position.

10 year guarantee.

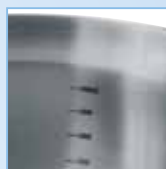

Professional Knives and Knife Sharpener

Quality utensils such as a handy cooks knife, bread knife, meat knife, universal knife and knife sharpener. With matching knife block that rotates smoothly on a stainless steel foot, so you always have the right knife within hands reach.

Brabantia in Simone's laundry room

Ironing can be fun. Honestly!

That's Simone's way of thinking.

"A lot of people find ironing a tedious task. But you can always look at it another way. For me, ironing is a way of relaxing and letting the stress drain away. I've made it into a ritual. How? It's quite simple. You put on some soft music and just start ironing. Calm, relaxed and concentrated. You relax more and more with each movement. Until you get into a flow. The ideal way of clearing your head!"
